EPISODE 80 END

It's been a while, but... we need a proofreader!

Our dear MaHa9392 has notified us that she'll be leaving in November for personal reasons. So, for the first time in a couple of years, we'll need a new proofreader!

She has several projects with us, most noticeably ***Ouroboros***, but Ouro has already been taken by our Comicryan. Her other ones release less frequently, so it would be preferable that we found someone to do all of them: ***Nanba MG5***, ***Sprite***, ***Shounen Y*** and ***Revenge Classroom***.

Applicants need to contact me (Wraith) by PM via deathtollscans.net or via Batoto (where my nick is Kendama). I'll give you an unproofed script and you'll be assessed on your ability to proof it by correcting Grammar mistakes, improving the flow and style, detecting missing translations and adding cues to the typesetter.

MaHa won't leave us immediately, so if you get approved, you will transition into the team by steps, one series at a time as she disengages from them. So don't expect to work on all of these projects until she is gone for good.

We'll test you even if you are experienced.

Comfort zone in sight, but still recruiting editors!

Well, our redrawing crisis seems to have abated.

From what I can see, now we need typesetters for ***Psychic Odagirl Kyouko's Lies***, ***Tea is for Married Couples*** and ***God, you bastard, I wanna kill you!***. The test is here: https://goo.gl/vQuPZA

Please submit the PSD files with your application bundled in a compressed folder (RAR, Zip, 7z, whatever) and send it as a download link to me as a PM (Wraith a deathtollscans.net, kendama at Batoto), or post it here: **https://goo.gl/jkE13V**

If you are ***experience***d, contact me to know of ways of bypassing the test.
